

2023 DE Ground School Registration Procedures

Track Waiver: The track's waiver will be signed at the gate as you enter. If a minor is joining you the track will have the appropriate forms available for you to complete.

Proceed along the road after signing the track waiver. As you exit the tunnel you will see garages on your right and a road to the upper paddock on the left. DE Ground School registration will be in the garage. Parking is available around the garages. Please **DO NOT** proceed to the upper paddock on the left or straight ahead towards the track and lower paddock. The Morgan Club will be meeting in the upper paddock and they have exclusive use of the upper paddock. The Boston Chapter BMW CCA will be conducting a Driver Education event on the track and they have exclusive use of the lower paddock.

PCA Registration: Registration will open about 9 AM and will be in the garage where we will be conducting the ground school.

PCA Waiver: PCA National requires all attendees at PCA-run events sign the PCA waiver. An **eSignature** version of the PCA waiver is available and is the preferred method for completing this waiver. If you cannot access the eSignature form, are coming with a registered attendee or are a walk-in attendee the PCA waivers can be found at the following links: [ADULT](#) and [MINOR](#). Minor waivers must be filled out for all minors in attendance. Please print (in color) and complete this form and bring it with you to the DE Ground School. During registration show the waiver(s) to the person at registration. Once they check you off the list please put the form in the PCA Waiver collection box provided. We will have both of these forms available at the track.

You're done! Help yourself to pastries and coffee generously provided by NER member and Panera Bread franchise owner David Peterman.

Thank you for helping us make this a fun and safe event!

One more thing... We will have a fair number of chairs available. In order to assure yourself of a place to sit we suggest bringing your own chair. Just in case...

Thanks! Charlie Kenney (Track Chair) & Stan Corbett (DE Registrar) and the NER Track Committee
